# THE BEAST

By Peninsular Diesel

#### Meet The Beast

Peninsular's newest generation is full of technical developments and proven diesel power plants. Offering the most impressive range of horsepower (60 to 110 in the industry, with an optional 250 HP model 1200 power).

And when it comes to fuel, the newest Beast is built for durability, to run on regular oil & oil & compressed air. Plus, many have engine for greater longevity, with increased performance. And right out of the gate, there is a new piston design for a more efficient burn. A new, advanced cast-iron oil control system (low-oil level sensor) and a higher capacity and wider-bearing water. All in the same space formerly occupied by a full size, gas engine.

The new Peninsular Beast, offering performance and features to demand and still the comfort of the most common, low weight, durable construction (steel) (single weight).

#### Key Features:

- 100% American-made engine block
- 100% cast-iron construction & cast
- 100% cast-iron head
- 100% cast-iron timing gears
- 100% cast-iron timing cover
- 100% cast-iron water pump
- 100% cast-iron oil pan
- 100% cast-iron oil pump
- 100% cast-iron oil filter

- 100% cast-iron water pump
- 100% cast-iron oil filter
- 100% cast-iron timing gears
- 100% cast-iron timing cover
- 100% cast-iron water pump
- 100% cast-iron oil filter
- 100% cast-iron timing gears
- 100% cast-iron timing cover
- 100% cast-iron water pump
- 100% cast-iron oil filter

Peninsular Diesel 100% Cast-iron engine block and head

Peninsular Diesel engine block and head are made of 100% cast-iron & forged steel parts.

#### GENERAL SPECIFICATIONS

Block Type	Cast Iron
Head Type	Cast Iron
Block Material	100% Cast Iron
Head Material	100% Cast Iron
Block Finish	100% Cast Iron
Head Finish	100% Cast Iron
Block Weight	100 lbs
Head Weight	100 lbs
Block & Head Weight	200 lbs
Block & Head Dimensions	100" x 100" x 100"
Block & Head Volume	100" x 100" x 100"
Block & Head Surface Area	100" x 100" x 100"
Block & Head Material	100% Cast Iron
Block & Head Finish	100% Cast Iron
Block & Head Weight	200 lbs
Block & Head Dimensions	100" x 100" x 100"
Block & Head Volume	100" x 100" x 100"
Block & Head Surface Area	100" x 100" x 100"
