- Heavy-duty cast iron block
- Largest aluminum connecting rod
- Cast iron cylinder and crosshead
- Cast-iron integral oil sump
- Multi-point valve train
- Mechanical valve train valves
- Replaceable valve guides
- Ignition system
- 1 gallon fuel tank (3.8 ltr)
- Oil level indicator

## Your Heavy-Duty Source of Power

Setting industry standards since 1909, Wisconsin continues to offer you a wide selection of cast-iron and gas engine engines. Take advantage now to choose from single-cylinder, two-cylinder and four-cylinder engines with power ranging from 7.5 to 60 HP.

### WISCONSIN CONSTRUCTION

Wisconsin engines are designed for those tough applications that require reliability and long life. The tapered roller bearing design offers

long life and low operating temperatures.

### WISCONSIN PARTS AND SERVICE

We back our engines with an excellent service network. Experienced technicians represent these distributors, both near and far.
